

June 8, 2013

Chairman John Keenan and

Members of the Joint Committee on Telecommunications, Utilities and Energy

The Commonwealth Of Massachusetts

House of Representatives

State House, Boston 02133-1054

Dear Sirs:

The undersigned neighbors of Dedham, Massachusetts fully support House Bill H2962, An Act relative to gas expansion filed by Representative Paul McMurtry; and House Bill H2950, An Act relative to natural gas leaks filed by Representative John Keenan.

The homeowners in our section of Dedham do not have the option of installing gas into our houses due to the fact that there is no availability of natural gas in this area. We would like to be able to have the option of using natural gas as we believe that it is more affordable and feasible than our current method of heating and would be an attractive choice for many. Environmentally, natural gas is cleaner, delivery faster and uses less basement floor space than alternate methods of heating. It will also give homeowners the option reducing electricity costs as gas provides an alternate method for cooking and also to dry clothes.
